

Engineering Blogs with Stack Documentation (10)

Companies that publish extensive engineering blog posts documenting their architecture, stack decisions, and technical practices — goldmines for understanding real-world tech choices.

Company	URL	What They Document
Netflix	netflixtechblog.com	Java, Spring Boot, gRPC, Cassandra, GraphQL Federation. Chaos engineering (Chaos Monkey).
Stripe	stripe.com/blog/engineering	Ruby, Java, Go, Scala. API design patterns. AI coding agent harness.
Airbnb	Airbnb Engineering	React, TypeScript (migrated from JS via LLMs), Ruby on Rails, Java. Built Visx, Epoxy, Lottie.
Shopify	shopify.engineering	Largest Rails app. React Native. AI-first engineering playbook (LLM proxy, 20% productivity gains).
GitHub	github.blog/engineering	Ruby on Rails, Go, MySQL (Vitess), React. Actions architecture, Copilot internals.
Intercom	intercom.com/blog/engineering	Ruby on Rails, Ember.js, React Native, Elasticsearch.
Monzo	monzo.com/blog	Go, K8s, AWS, Cassandra, 2,800+ microservices. Migrations at scale.
Atlassian	atlassian.com/blog/technology	Java, Kotlin, React, PostgreSQL, AWS.
Twilio	Twilio Engineering	Cloud communications, API design, ML.
Grafana Labs	grafana.com/engineering	Go, React, TypeScript. LGTM stack (Loki, Grafana, Tempo, Mimir).
